From the Area Convenor

An opportunity to be seized!

It seems to me that our rather inadequate summer has been racing away faster ever and we are left hoping for an Indian version before the winter chill arrives. It's amazing how quickly time has been shifting since the occasion in January which resulted in my reluctantly accepting the responsibilities of an Area Convenor. I'm hoping very much that a new face will be taking over from me at the next opportunity, but, even if that does not happen, I could tolerate continuing a while longer because of the brilliant support I've had from members of the Area Council, especially the officers whose efforts keep the ship afloat.

So, I want to thank them very sincerely for their assistance and to make a special point of acknowledging the years of hard work and imagination that we have had from Ben Douglas as Area Secretary. Ben has decided to step down from the role at the AGM in January and we will therefore be looking for a successor. Ben has stamped his own style on the role, but, apart from a few basic essential tasks, the job can be handled in a very flexible way. Please start to think about people you know who could fit the bill – and don't ignore yourself!

Following the coast.

A friend of mine has recently been exploring the whole extent of the Fife Coast – by using local bus services. Intent on walking the length of the Fife Coast path during the month of August – though not necessarily on successive days, he was surprised and delighted to find that he could travel day from Perth to the start of each day's section and then return home again using only the local bus services as his means of transport. Others might like both to know that and to try out similar expeditions for themselves.

A secret world?

I'm still learning about how we can make the most of our access opportunities in Scotland and I have been starting to discover just a little about how the complex world of agricultural payments and regulations affects our access to the countryside and how these can have positive benefits for walkers, riders, etc. I haven't made enough progress yet to feel that I have grasped the essential details, but I hope to get there soon. Some of you must already be better informed than I am and I would welcome your advice. This is definitely a 'Watch this space!' matter.

John Andrews

General Information

Walks Grading

The walks in this programme are graded according to the following:

E Easy Access Walks for everyone, including people with conventional wheelchairs and pushchairs, using easy access paths. Comfortable shoes or trainers can be worn. Assistance may be needed to push wheelchairs on some sections: visitors are advised to check with the walk leader.

D Leisurely Walks for reasonably fit people. May include unsurfaced rural paths. Walking boots or comfortable footwear and warm, waterproof clothing are recommended. 2 to 5 miles.

C Easy, mainly on level ground and often paths and tracks.

C+ Easy to moderate, for those with improving fitness, offering some modest challenges.

B Moderate, demanding higher standards of fitness and stamina than C+.

B+ Between moderate and strenuous, for the reasonably fit. Standard grading for summits taken at a slower pace in summer conditions.

A Strenuous. For the fit, involving some or all of the following factors: on high or rough ground; with steep ascents and descents; distances over 15 miles.

A+ Severe. Arduous walks for the experienced and very fit, involving some or all the following factors: high, exposed ground; steep ascents and descents; brisk pace; distance over 15 miles. Standard grading for hill-walking in winter conditions.

The walk grade is intended as a rough guide only. More information is supplied in each entry.

Walker's Responsibilities

Walkers must be 18+ or accompanied by an adult holding parental responsibility. Ramblers volunteers cannot provide direct care and supervision to children under 15. Instead the children must be accompanied by an adult who holds parental responsibility, such as a parent, legal guardian, carer, teacher or youth worker.

Unaccompanied walkers aged 15-17 are welcome (except on overnight stays) with a valid 15-17 Year Old Parental Consent Card, obtainable free from Ramblers main office, tel 020 7339 8500 or see www.ramblers.org.uk/localgroups.

If you are unsure of the suitability of a walk contact the Walk Leader beforehand. It is not always possible to shorten a walk if you are overexerting yourself; choose a grade of walk suitable to your level of fitness and experience.

All sporting and leisure activities have inherent hazards associated with them and

rambling is no exception. In spite of the safety of members always being the paramount concern, accidents will occasionally occur. It is important, therefore, that when entering into the activity, each member appreciates that they have a responsibility to identify the hazards associated with the activity and take all reasonable steps to eliminate or minimise the potential for an accident to arise. Personal accident insurance is available from several sources. The Walk Leader or Deputy must be a member of the RA. The Leader may change a walk at his/her discretion. Members or visitors should not leave a walk without informing the Leader or divert from a walk without the agreement of the Leader. Many groups carry a first aid kit and/or mobile phone. Individuals are reminded that they are responsible for carrying any special medication that they require for personal use. Walkers must also inform the Walk Leader of any medical condition that could affect their ability to complete the walk.

Dogs are not generally suitable on most walks; however some walks are indicated as being suitable for dogs. **Please note: for all walks Registered Assistance Dogs (RADO) are welcome.**

The Weather

Listen to the weather forecast (hill walkers' forecast on Radio Scotland) and prepare accordingly. If extreme weather is expected the walk may be cancelled. If you are in doubt, contact the Walk Leader.

Clothing and Equipment

Dress according to the season. *Note:* Denim clothes are not suitable.

Winter: thermal base layer and layers of clothing, (shirt, trousers, jumper or fleece, and a windproof shell, plus hat, scarf, and gloves). A waterproof jacket (with hood) and waterproof trousers are also needed.

Summer: wear fewer, thinner layers but take sun protection.

Wear well-fitting walking boots and take a rucksack to carry your gear.

Food and Drink

In general, for a day walk take a flask containing a hot drink, a packed lunch, and various snacks. In warmer weather extra liquid is *essential*.

Ticks

Some of the areas walked may contain ticks, which are known to be a source of infection in humans. It is advised that you wear long trousers, a long sleeved shirt and a hat, even in summer. It is also advisable to tuck your trousers into your socks and apply insect repellent. Examine yourself for ticks after a walk and if you find one remove it immediately and cleanly using tweezers. It is advised that you then contact your general practitioner for further advice

Transport

Generally cars are used to transport walkers to the start of a walk; car sharing is encouraged. Abbreviations for car parks used as pick up points are included in this programme.

When car sharing, it is recommended that car passengers make a contribution to the running costs, the method of calculation and mileage rates are set by individual groups.

Car drivers are reminded to call in at the pick up point prior to departure for the walk if they have a spare seat. Passengers are advised to take shoes and a bag for dirty boots and spare dry clothes in wet weather. The times given in this programme are departure times, if you are from a different group and/or going straight to the start of the walk, it is recommended that you contact the Walk Leader beforehand.

Walks may also use public transport, the fare may be indicated and it is the individual's responsibility to pay. Various walks use hired minibuses, in this case the person responsible, a deadline for booking, and (possibly) a fee will be indicated in the programme. If you book a place on a bus and then find that you must cancel at a later date, unless a replacement is found, you may still be liable for the full cost.

Broughty Ferry Group: Any member who has difficulty in getting to a walk meeting place should contact, in the first instance, the Walk Leader, who will try to arrange transport. Car drivers are also reminded that they should advise the walk leader of spare seats in their vehicles.

THE RAMBLER'S ASSOCIATION (SCOTLAND) – FORTH VALLEY, FIFE AND TAYSIDE AREA

Draft Minutes of the 19th Annual General Meeting of the Forth Valley, Fife and Tayside Area held on Saturday 31st January 2015 at Dalgety Bay Parish Church.

1. Welcome Alan Bridges, Area Convener, welcomed members.

2. Apologies: John Andrews, Pat Fraser, Jacqui Ritchie.

3. Minutes of the previous AGM held on Saturday, 1st February 2014

Add to section 7 after point 2 – Ben Douglas

3. From time to time, an Area Secretary is involved in dealing with sensitive issues which crop up at Group level. This type of issue is infrequent. From now on, the Area Convener would request an experienced member of Area Council to try and resolve such issues.

The Minutes as amended were approved - proposed by Betty Barton, seconded by Alan Paul.

4. Matters Arising – Ben Douglas

(a) Following the AGM, I sent out an email on 4th February 2014 to my Area contacts summarising how the Area Secretary's role would be split between a Liaison Secretary and a Minutes Secretary.

(b) Mr Denis Taylor (Stirling, Falkirk and District)

(i) Alan Bridges (AB) empowered Ben Douglas (BD) to continue to try and resolve the issue of Mr Denis Taylor after last year's AGM. AB received regular briefings from BD as events unfolded.

(ii) As a result of frequent breaches of the Ramblers Code of Conduct – Point 5, Mr Taylor was banned from participating in the Stirling, Falkirk & District Group's activities until December 31st 2014. The first breach had taken place on 28th September 2013.

(iii) Further emails from Mr Taylor which breached the Code of Conduct occurred between November 2014 and January 2015.

(iv) On 21st January 2015, this email was sent from Central Office.

Mr Taylor has appealed directly to the Chair of Ramblers about his exclusion and the behaviour of everybody involved, including group and area committees, Convener Ramblers Scotland and Chief Executive. The Chair, Jonathan Kipling, has rejected Mr Taylor's appeal and upheld the decision- making of everybody involved and to extend his exclusion from the group for a further 6 months.

5. Presentation of the Area Annual Report 2014

The Area Annual Report was distributed to all those attending the AGM. Copies were available on request by e-mail from the Area Liaison Secretary prior to the AGM. The Annual Report set out the Reports from the relevant Area Office-Bearers. (A summary was published in the AJP Issue 31.)

6. Adoption of the Report and the Accounts

The adoption of the Annual Report 2014 and of the Income & Expenditure Account for the year ending 30th September 2014 was proposed by Chris Barton and seconded by Ken Wright. This was approved by the meeting.

The Forfar McGonagall - A Walk in Glen Isla

**As we set out on another weekend ramble with a look at the sky it
could be a gamble,**

**Sending up the glen with its unequalled view, it's into Freuchie carpark
with room for a few.**

**Out of our cars we all gather together, still looking at the clouds and
checking the weather,**

**But off we go and it starts with a climb, with the surrounding area so
sublime**

**As we follow this winding forestry track, after two miles we decide to
stop for a snack,**

**Refreshed, watered and feeling perky, we are now in view of the lodge at
Glenmarkie.**

**Passing this very substantial white building and opposite the chance of
some pony trekking,**

**As we head up around Craigie Law, it is now time for another
"Blaw".**

This we call our midway break, not a long stop we would take,

**With all being attacked by an army of flies, as usual in the hills this is
no surprise.**

**We are walking again on top of this plateau, with light drizzle and the
mist being rather low,**

But still clear enough to see dozens of deer, with Loch Shandra now becoming near.

As we come out of this tree felled land, the loch now appears to our right hand,

With the jumping circles of the excited brown trout and the two men in a boat trying to take them out.

A family of swans just enjoying every inch, while we spotted on a post a lovely bullfinch,

As we pass this peaceful loch's man-made sluice, just in time for a quick stop and a drink of juice.

Now that we have reached our Seven mile mark, one more and we will be back at the car park,

After a day in Isla and its lovely scenic glen, without doubt we will be back again.
